Annual Report to the Town of Sorrento

A Message from Senator Brian D. Langley

Dear Friends and Neighbors:

It is an honor to represent you in the Maine Senate, and I am grateful for the trust you have placed in me to work for the betterment of this community and our region.

The State of Maine, like many of us, is experiencing tough economic times. Currently the state is facing an estimated \$800 million revenue shortfall for the next two-year budget. In order to bring the budget into balance, the Governor, along with the Legislature, must make some significant changes in the way state services are delivered and how taxpayer money is spent. Republicans are committed to crafting a budget that reins in the unsustainable growth of state government, prioritizes core services like public health and safety, education, a safety net for our most vulnerable citizens, and our transportation infrastructure. Despite the challenges we face, this is an opportunity to retool state government, reduce the size of the bureaucracy, carefully review the effectiveness of current programs and set Maine on the right course.

One of our first orders of business when the 125th Legislature convened in December was the passage of LD 1, *An Act To Ensure Regulatory Fairness and Reform*. The bill recognizes that one of the biggest impediments to job creation and keeping our young people in Maine is the regulatory burden the state currently imposes on business. Given this, LD 1 proposes to reach out to businesses and workers to identify duplicative and unnecessary regulations and eliminate or propose changes to these regulations in order to improve the business climate and encourage job creation and retention and expand opportunities for Maine people.

I am hopeful that by reining in state spending, prioritizing our wants and needs and developing strategies for improving our business environment, we can put Maine back on track toward prosperity and create the opportunities that will keep our young people here in Maine.

Again, thank you for entrusting me to represent you in Augusta. Please feel free to contact me if you ever need my help in navigating the state bureaucracy. I would be happy to help in any way that I can. I can be reached in Augusta at 287-1505 or by e-mail at info@lobsterpot.com.

Sincerely,

Brian Langley
Maine State Senator

Dear Sorrento residents and friends,

Maine continues to face many challenges. As I travel across our state, I am inspired by stories of innovation and entrepreneurship, yet there is much more we need to do to improve our economy and create jobs.

That is why I am working so hard to improve our nation's trade policies and ensure that Mainers are competing on a level playing field. I was especially pleased that the International Trade Commission found in favor of U.S. paper manufacturers and their workers who filed a petition against Chinese and Indonesian companies that illegally dumped subsidized paper into our market. I worked hard to support this petition, and the tariffs that now apply to these imports will help keep Maine companies competitive and allow them to create and retain good paying jobs.

Our state is also making important strides in developing the types of jobs and economic opportunities that can only be done here in Maine. For example, when Eastport partnered with a U.S.-based company to act as an embarkation port for 500 dairy heifers heading to Turkey, congressional efforts were able to help cut through red tape and bureaucratic challenges. Moreover, the entire bipartisan congressional delegation has successfully urged the federal permitting agency to begin the process for a long-term certification of the Port of Eastport as a livestock exportation facility.

To that end, I cosponsored and helped pass into law last year the "America COMPETES Act," which will create jobs through innovative technology loan guarantees for small and mid-sized manufacturers. I was pleased that two amendments I offered also made it into the final bill ensuring that when implementing the bill federal agencies work together to prioritize the needs of small businesses and that those communities most hurt by our trade agreements will be given special consideration. There are too many small businesses that are struggling to survive, and we must listen to these independent owners when they tell us what they need to grow and create jobs.

However, my biggest commitment is to quality constituent services. Please do not hesitate to contact me at my Bangor office at 207-942-6935 or by emailing me through my website at www.house.gov/michaud. While on my website, I also encourage you to sign up for occasional e-mail updates on issues important to Mainers and to join me on Facebook or Twitter.

Thank you again for the opportunity to represent you in Congress.

With warmest regards,

Michael H. Michaud
Member of Congress

January 14, 2011

Town of Sorrento
79 Pomola Avenue
Sorrento, ME 04677

Dear Town of Sorrento:

As the new session of Congress began, I was honored to become the longest, currently serving member of the U.S. Senate to have never missed a roll call vote. As the 111th Congress ended, I cast my 4,563rd consecutive vote. It is a privilege to represent you in Washington, D.C. and I appreciate this opportunity to share some of my recent work as we look forward to the opportunities and challenges that lie ahead in the 112th Congress.

Creating jobs and strengthening our economy remain our nation's most pressing challenges. Far too many families and individuals throughout Maine and our nation are still suffering from a sluggish economy and high unemployment. That is why it was so vital for Congress to extend the 2001 and 2003 tax relief laws. I strongly supported a two-year extension because allowing these laws to expire would have resulted in one of the largest tax increases in our nation's history, and job killing tax hikes could well have plunged our economy deeper into recession.

Last year, I spoke to small business owners throughout Maine who told me that a tax increase could result in a loss of jobs and threaten the viability of their businesses. It is good news that Congress passed the two-year extension of these tax relief laws before 2010 came to a close, providing more certainty to businesses and relief for all taxpayers.

After years of repeated but unsuccessful attempts by the Maine delegation to address the federal truck weights law, I authored a successful truck weights pilot program in 2009 that was in effect for one year. The pilot program permitted trucks weighing up to 100,000 pounds to travel on Maine's federal interstates, where these trucks belong, rather than being diverted to secondary roads, through small communities, downtown areas, and school zones. The benefits have been evident: improved safety, lower costs, reduced energy use, and reduced emissions. I was disappointed that the U.S. House of Representatives failed to take action either to extend the pilot program or to make it permanent. Making the truck weights program permanent will be one of my top priorities this year and will be the first bill I introduce in the new Congress.

The President signed into law a number of bills that I authored or coauthored. I was proud to join Senator Joe Lieberman in leading the effort to repeal the so-called "Don't Ask, Don't Tell" law that applied to our armed forces. This long-overdue repeal enables the U.S. to join 35 of our closest allies in welcoming the military service of any qualified individual who is willing and capable of serving our country.

My efforts to counter the smuggling of illegal drugs across the Canadian border into Maine, and vice versa, were advanced when the President signed the "Northern Border Counternarcotics Strategy Act." I was the lead Republican sponsor of this law, which requires the Office of National Drug Control Policy to develop a counternarcotics strategy similar to that of the Southwestern border in collaboration with our Canadian partners. The Senate Homeland Security Committee also conducted an extensive investigation into the Fort Hood terrorist attack. We will soon release a report with recommendations on how to reduce the possibility of such an attack in the future.

PRINTED ON RECYCLED PAPER

Former Senator Evan Bayh and I authored a new law that establishes a new Advisory Council to develop a national plan for combating Alzheimer's disease. For the first time, this law charges federal agencies to develop a strategy to advance efforts to fight this devastating disease, at no additional cost to taxpayers. As far too many people know, Alzheimer's disease inflicts pain and hardship on families, and costs Medicare and Medicaid billions, yet our nation has been lacking a national strategy to focus on this disease.

Maine's natural resource industries are essential to our prosperity. Last October, along with other Delegation members, I testified at an International Trade Commission hearing that resulted in a ruling that Chinese and Indonesian paper companies had been engaging in illegal trade that is unfair to our domestic industry. During the debate on the Food Safety Modernization Act, I successfully advocated for an amendment, backed by Maine's small and organic farmers, to protect our small farms from excessive regulation.

In my ongoing efforts to save jobs in Maine, I succeeded in convincing the EPA to rework regulations known as "boiler MACT" in a manner that protects the environment and public health without jeopardizing jobs in the forest products industry. I also authored successful legislation to provide small contractors more time to comply with EPA lead-based paint regulations. The high fines for non-compliance would have put many small contractors in Maine out of business.

Working with the University of Maine, I helped advance the development of deep water, off-shore wind energy. Last summer, Energy Secretary Steven Chu visited UMaine at my request, which resulted in an announcement that the Department would dedicate \$20 million to develop and test deepwater offshore wind technologies. UMaine remains on the cutting edge of this work, which has the potential to create 15,000 jobs.

I secured funding for a number of important transportation projects in 2010. For example, following my request, U.S. Transportation Secretary Ray LaHood announced that the Department would award \$10.5 million for Maine's effort to save freight railroad service in Northern Maine, and \$20 million for the rehabilitation of the Memorial Bridge between Kittery and Portsmouth.

As a member of the Senate Armed Services Committee, I worked to ensure that our men and women in uniform have the resources and support they need to protect our freedom. In 2010, I supported efforts to improve health care and other services for our military personnel and veterans, and authored key provisions to strengthen our national defense by supporting the vital work at Bath Iron Works, the Portsmouth Naval Shipyard, Pratt & Whitney, the Maine Military Authority, and other Maine industries. Following my letter last year to the President's top budget official urging him to include increased funding for the DDG-51 program in next year's budget, Defense Secretary Gates recently announced that the Pentagon would seek an additional DDG-51 in its five-year budget.

The 112th Congress will bring extraordinary challenges as we work to improve the economy, lower the unemployment rate, seek ways to reduce federal spending to bring the federal debt under control, and debate a host of other important issues. I am grateful for the opportunity to serve Sorrento and Maine in the United States Senate. If ever I can be of assistance to you, please contact my Bangor Office at (207) 945-0417, or visit my website at <http://collins.senate.gov>. May 2011 be a good year for your family, your community, our state and our nation.

Sincerely,

A handwritten signature in black ink that reads "Susan Collins". The signature is fluid and cursive, with the first name "Susan" and last name "Collins" clearly distinguishable.

Susan M. Collins
United States Senator

Town of Sorrento, Maine 2012 Assessor's Notice

In accordance with Title 36, M.R.S.A., Se. 706, as amended, the Assessors of the Town of Sorrento hereby give notice to all persons liable to taxation in said municipality, that they will be in session at the Town office in said municipality on the 6st of April 2012 at 7:00 PM for the purpose of revising lists of the estates taxable in said municipality.

Owners

All persons liable to taxation in the Town of Sorrento, Maine and all Administrators, Executors, Trustees, etc, of all estates taxable in said municipality of such persons are hereby notified to furnish to THE ASSESSORS TRUE AND PERFECT LIST OF ALL THEIR ESTATES, REAL AND PERSONAL, not by law exempt from taxation, of which they were possessed on the first day of April, 2011 and be prepared to make oath to the truth of the same and to answer all proper inquiries as in writing as to the nature, situation and value of their liable to be taxed.

Estates Distributed

And when estates of persons deceased have been distributed during the past year, or have changed hands from any cause, the executor, administrator, or other such persons interested, are hereby warned to give notice of such change, and in default of such notice will be held under law to pay the tax assessed although such estate have been wholly distributed and paid over.

Persons Doomed

And any person who neglects to comply with this notice is hereby barred to his right to make application to the ASSESSORS or any appeal therefrom, for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

Blank schedules will be furnished at the Assessor's Office on application

Notice to Dog Owners or Keepers

Licenses are due on or before January 1 of every year on all dogs 6 months of age or older, or when dogs become 6 months old. A rabies certificate showing rabies tag number and expiration date must be presented when applying for license. Proof of spaying or neutering must also be presented unless this is already on record in the Town Clerk's office.

The Dog Warrant will be issued in March 2012.

Males/Females \$10.00

Neutered/Spayed \$6.00

Under State law, dogs licensed after January 31 will pay an extra \$25.00 fee.

SORRENTO COMMUNITY BUILDING COMMITTEE

With the final completion of the bathroom, the Community Building will be checked this year by the American Red Cross to be designated as a shelter.

Needed to be replaced in the Community Building this year are the old card tables, some of the old 8' tables and adding more of the padded folding chairs.

The building was used in the past year for our Annual Town Election and Meeting, a Special Town Election, Federal and State elections, two meetings for the Schoodic Regional Emergency Services Association, yoga classes through Sumner Adult Ed, family dinners, parties, Fire Department meetings and classes, EMS classes and the annual Long Pond Water District meeting.

SORRENTO FIRE DEPARTMENT

From July 2010 to June 2011 the Sorrento Fire and Rescue department responded to 52 calls. Eighteen of these calls were Emergency Medical Services related. The 35 fire related calls ranged from residential fires, brush and grass fires, lightening strikes, control burns, trees down across roads and wires, utility lines down, alarms sounding, false alarms, vehicle accidents, search and rescue for a lost boater and mutual aid and standby for other departments. There were fourteen raining opportunities that included cold water rescue training, FEMA Grant workshops, Hancock County Emergency Management workshops, Occupational Safety and Health Administration (OSHA) training, and fire fighter rehabilitation and medical evaluation training that keep the Department current and compliant. The department also had 57 work sessions for the year in and around the fire station or vehicles which total countless numbers of man hours. In all the men and women of the Sorrento Fire Department answered the call to duty 123 times for fire, EMS, training sessions, or work sessions.

Mutual aid agreements with the surrounding towns keep the department busy but it is good to know that other departments will be there if and when needed. These crucial agreements provide the department a way to address critical manpower shortages experienced by all volunteer organizations at various times throughout the day and night. Mutual aid calls also give the department an opportunity to utilize the skills that have been learned in other than a training scenario.

Routine and regular maintenance on all of our equipment and apparatus continues to be critical to insure their operation in times of emergency. This maintenance includes yearly truck inspections, pump inspections, self-contained breathing apparatus inspections, as well as periodic oil changes, lubrication, and the correction of problems that surface as the apparatus is used.

Deputy Chief Dwayne Clement deals daily with the paperwork from the various governmental agencies and the insurance companies that keep the department current and compliant. This entails almost constant updating of department records to avoid possible fines during a spot check by one of these agencies. His efforts go unseen for the most part, but are time consuming and essential. Captain Brian Clement continues to spend an untold number of hours at the computer inputting annual department call data into the National Fire Incident Reporting System (NFIRS). This fulfills department and grant requirements as well as adds to the national data base on the types of calls that fire departments nationwide experience. Additionally, other data, such as truck inventories and personnel training records, are also being inputted by Brian.

The finance committee continues the delicate balance of keeping expenses in check but also keeping the department's equipment updated and in good condition. In spite of the ever increasing costs to the fire department, the committee knows the economic realities faced by everyone today and will continue to try not to significantly impact the overall Town budget. Donations from residents provide the department with additional funds to supplement the annual budget. Careful management of the budget funds and the donations has given the department the opportunity to offset costs.

Grant monies are sought on a regular basis. The grants, if obtained after competition with hundreds of other applicants, continue to help the department to offset costs of mandated equipment or obtain equipment otherwise not able to be afforded. The Department of Homeland Security (DHS) Federal Emergency Management Agency (FEMA) Assistance to Fire Fighter Grant (AFG) application period has just been announced. The department will be submitting a grant application again. Last year 16,200 applications were submitted for these FEMA grants by departments from across the country.

The Fire Department again would like to thank the residents of the Sorrento community for their cooperation in practicing fire prevention and fire safety. Please remember burn permits are required and must be gotten before you burn. With winter just around the corner, the department would like to remind everyone that the use of alternative heat sources also brings more awareness of home fire safety. Please help us help you have another fire safe year.

Please report any sightings of fire, smells of smoke, wires down, trees on wires, or trees in the road as soon as possible by calling 911 immediately. Please do not touch or attempt to move any wires that are down. It is much better to have us go and investigate and find nothing or something small before it gets out of control. Proper house numbering helps us find the scene faster at a time when seconds count in averting a tragedy. It is very important for all of us to be very observant in keeping our neighbors and town fire safe.

As always, new members are welcome to join the special group of men and women who are the Sorrento Fire Department! Stop in and see the equipment. We will be glad to answer any questions you might have. There are plenty of things that must be done to keep the fire station and department running and you just might find out you would like to help us.

We appreciate the support given to the department by the residents of the town and will continue to strive to fulfill our mission of protecting life and property. Please have a happy and safe upcoming holiday season.

The Sorrento Fire Department

**SORRENTO FIRE DEPARTMENT
2011/2012 BUDGET**

EQUIPMENT	1,000.00
EQUIPMENT MAINT.	600.00
SPECIAL EQUIPMENT	2,000.00
TRAINING/EDUCATION	600.00
FIREFIGHTER PPE	1,800.00
FIREFIGHTER EXPENSES	500.00
COMMUNICATIONS	5,600.00
VEHICLE FUEL	4,000.00
VEHICLE MAINT.	14,000.00
UTILITIES (TOTAL)	4,740.00
HEAT	3,000.00
ELECTRIC	900.00
TELEPHONE	440.00
WATER	400.00
BUILDING MAINT.	1,325.00
MISC.	600.00
TOTAL	36,765.00

The 2011/2012 budget represents no increase over the 2010/2011 budget. This budget marks the fifth year in a row that no budget increase has been sought. Increasing costs to the Fire Department particularly mandated yearly equipment maintenance and inspections as well as equipment repairs and upgrades and fluctuating prices have been managed by the department through a combination of the budget and the donations made by the residents. The Fire Department understands very well the economic realities faced by everyone today and will continue to try to have as little impact as possible on the overall Town budget.

SORRENTO FIRE RESCUE/EMS

The Sorrento Fire Rescue/EMS crew would like to say 'Thank You' for all your support and your donations. Your donations are put to good use in purchasing supplies and equipment and for training/classes. These training/classes help our crew to keep up to date and to serve you with a higher level of emergency care. The training and classes can take up a lot of time for our crew and takes them away from time with their families, but they are dedicated to providing Sorrento with good care.

We were called to duty 17 times from July 2010 to June 2011. We also participated in a Health Fair at the Sorrento Sullivan Recreation Center on April 30, 2011. This fair was sponsored by the Frenchman's Bay Library, the Maine Coast Memorial Hospital, the Eleanor Widener Dixon Clinic in Gouldsboro and the Sorrento Rescue/EMS. This fair consisted of having your blood pressure and heart rate checked by EMS personnel. MCMH checked your balance on a Rehabilitation Service Biosway machine to find out if you were at risk of falling. There was also a Diabetic and Nutrition Center to provide educational information. There will be another Health Fair in 2012 and we hope that you will attend.

Please remember to call **9-1-1** in any emergency for the quickest help. We will be there to help you.

As always, new members are welcome.

Dwayne B. Clement
Assistant EMS Director

EMA REPORT

We can be thankful that this past year we did not have much high wind. Still, we did have trees down in roads and some that pulled down wires with them, blocking the roads and disrupting power to residents. Please remember (and fall is a good time of year to check) to keep flashlights ready and fresh, spare batteries on hand.

In the event that you do see power lines down, **DO NOT GO NEAR THEM** and **DO NOT TOUCH THEM**. Call 9-1-1. They will contact the Fire Department and Bangor Hydro.

Ralph Pinkham, the head of Hancock County EMA, has had meetings throughout the past year that we have attended and that help keep us informed as to new regulations and rules and also upcoming training and events. These keep us busy.

Joey Clark
Sorrento Emergency Management Director

PUBLIC SAFETY

White STOP lines have been painted near STOP signs. We hope that these will help keep vehicles from nudging out into traffic and hopefully will help stop vehicles from cutting off oncoming traffic. We have had two very close calls this year. PLEASE be careful when you approach a STOP sign.

As the norm, street signs have come up missing. These will be replaced as soon as possible. If you see a missing street sign or one that someone has painted over, please notify the Town Office so that the sign can be replaced or fixed.

The Fire Department, ambulance and police need to have these signs posted in order to find the right road when emergencies arise. It may not be someone from Sorrento that is responding to your call. Police and ambulance personnel may not be familiar with the roads in Sorrento.

Also, your house numbers need to be on your house, mailbox and/or post near the road. Otherwise, time is lost when trying to find the right house number. Every minute counts in an emergency.

Joey Clark
Sorrento Public Safety Officer

E 9-1-1

As always, it is so very important that you have your correct numbers on your residence. Time is of the essence when you have an emergency, whether it is of a medical, police or fire nature. It can not be stressed enough how important this is when you are in need of medical personnel, fire department or law enforcement.

In a recent situation.....an alarm company called in an address that was/is not correct here in town. This caused confusion for our firefighters trying to find the address, and delay in getting to the correct property. Had this been a real fire, it could have been a very serious situation. Please check with your alarm company (if you have such a system) to make sure that they have your correct address.

Our street signs are installed so that your location is readily found when you are in need of assistance.

Please check your numbers of your location and make sure that they are clearly visible on your residence, on your mailbox if you have one (numbers on both sides are good), or if your residence is too far away for the numbers to be seen, you should have a post at the end of your driveway by the road with numbers that are clearly visible and on both sides of the post. This is for your own safety and to help all emergency personnel to locate you in your time of need.

Judith High, E 9-1-1 Addressing Officer

Sorrento Code Enforcement Officer Activity Report
for Fiscal Year 2010
(July 1, 2010 - June 30, 2011)

In the year just completed the Code Enforcement Office was busier than normal. In addition to the usual permit activity and the time spent responding to questions and land-use violations, Code Enforcement was involved in assisting the Town and local lobstermen in the effort to expand the parking area at the launching ramp, and in working with the Town's attorney in the preparation of a land-use violation case which appears to be headed for court.

In this fiscal year just passed, a total of 13 construction permits were issued:

- Residences - 3
- Barns - 1
- Parking Area - 1
- Site Prep. - 2
- Additions - 3
- Boat House - 1
- Misc. - 2

The principal reason that all CEO commitments are met in a timely manner is the excellent assistance willingly given by Esther Clement. For this help, and the cooperation given by the Board of Selectmen, the Planning Board and all of the residents of Sorrento, I am grateful.

John Fuhrman
Sorrento Shoreland Ordinance Officer
Sorrento Code Enforcement Officer

To: The Town of Sorrento, Maine

From: Frenchman's Bay Library

July 7, 2011

Dear Sorrento friends and neighbors:

More and more residents of Sorrento , Sullivan and other surrounding communities are finding that in Frenchman's Bay Library they can access a wide array of resources and services without going further afield to Ellsworth or Bangor.

This year, in addition to the weekly knitting group, and monthly book group and children's story hour, we have added a writer's group and have sponsored a Health Fair in collaboration with the Gouldsboro Clinic and the Sorrento EMTs. As in previous years, we continue to add patrons. We also are adding 4 new computers and have secured a grant from the Davis Foundation to continue the renovation and modernization of our facility. Our wish is to be a community resource for information, both through books and other resources, such as DVDs, the internet, and special events.

Thank you so much for your support. We are asking that you fund us this year at the same level as last year: \$1,500.

Yours Sincerely

Jennifer M. Reece, Librarian

Diana Gazis, Chair of the Board of Trustees.

Sullivan-Sorrento Historical Society

Annual Report, 2010-2011

This, the 38th anniversary year of the Sullivan-Sorrento Historical Society has been productive and busy. Our current officers are Jeanne Edwards, President, Carnes Weeks, Vice-President, Linda Kimmelman, Secretary, and Thelma White, Corresponding Secretary. Donna Keenan was named curator in January, 2011, as Gail Hastings resigned due to health concerns.

Sam Robinson, long-time treasurer and member of the Society, died on _____ The Board will be planting a tree in the Sullivan Playground in his memory this spring. Betty Gordon, another good friend and member of the Society, who had served as editor of the Newsletter for a time, also left us in September 25, 2010. We miss her support and presence.

Programs offered during 2010 were:

June 16 – Public supper and program on the Civil War and impact on this area.

July 21 – Steve Perrin spoke on the Granite Industry in Sullivan.

August 19 – Sheila Collins, summer resident of Sorrento, spoke on New Aspects of Global Warming at the Sorrento Public Library. A potluck supper preceded her talk.

August 7 – Tours of Historic Homes, during Sullivan Daze.

As regards the Hotson scholarship, Gerry Gordon continues to coordinate with Sumner High School. This past year, Brenn Alexander, daughter of Bruce and Patrice Alexander of Sullivan, was awarded the scholarship. She attends Husson College.

Members of the Board voted to invest our funds, presently in CD's, with the Maine Community Foundation. This will improve our yields significantly. We have met with Community Foundation personnel, and await our 501 (c) (3) status, which should be forthcoming in the next month.

During this year we received over fifty negative glass plates dating from 1903-1907. These contain images of Sullivan and Sorrento, some previously never seen. This unexpected treasure was a gift from an individual in Massachusetts who found them in a yard sale. Adelbert Gordon, a North Sullivan photographer, photographed many of the scenes. Some of these images have been published in post card format by the Eastern Publishing Company. We are in contact with the Penobscot Marine Museum on the possibility of developing the plates.

Other projects of the past 2010-2011 year include:

- 1) Coordination with the Gouldsboro Historical Society and the Gouldsboro United Methodist Church on their October 9 program during which ownership of the church was transferred to the Gouldsboro Historical Society.

2) Coordination with staff of the Portsmouth, N.H. Atheneum as they planned their exhibition on Frank Jones.

3) Coordination with the committee who presented the Chief Justice Fuller program on July 31 in Sorrento.

4) Made application to the Maine Archives for a grant to purchase cataloging software .

5) Investigation of the Paul Urann property on Route 1 as a possible site for the Society.

Presently, we are looking forward to offering our programs to the public. These are:

June 15 – "Your mooring – a lobster habitat?" To be presented by Stuart Hardison and two University of Maine professors who have designed a mooring attractive to lobsters. Sullivan Recreation Center

July 20 – "The Silver Mines of Sullivan" To be presented by John Daley. Sullivan Recreation Center

August (date to be announced) – Bill and Polly Ceckler will present on the Downeast Sunrise Trail, formerly the Maine Central Track Line. This will be preceded by a potluck supper. Sorrento Public Library

September 21 – Public Supper, 6:00pm, donations only. 7:00pm, "Songs and Folklore of the Sea", by Stephen and Susan Sanfilippo. Sullivan Recreation Center

Our appreciation to the towns of Sullivan and Sorrento for their support. Also, to our membership and others for involvement in our programs and gifts to our collection. Visit us on Tuesdays from 1:00 to 3:00pm, and look at the exhibit on quarrying, created by Rich Cunningham. or see if you can identify any of the people in our unidentified photo display. Check us out at www.sullivansorrentohistory.org , or e-mail us at info@sullivansorrentohistory.org.

Jeanne Edwards, President, Board of Directors

Sullivan-Sorrento Historical Society

Sullivan Sorrento Playground

The playground and skate park continue to attract users of all ages and remains an asset to Sullivan and Sorrento as well as folks from other communities and travelers passing through. The Playground Committee has shrunk to about four local citizens. We would like to find more volunteers to help maintain the facility. The safety surface will be renewed this summer.

Please remember as users to carry out your refuse and report any problems to the town office in Sullivan. Also, there are items for sale at the office that generate operating revenue for the facility.

/s/ The Playground Committee

Shellfish Ordinance

Sullivan is member with Lamoine, Ellsworth, Franklin, Hancock, Sullivan, and Sorrento of the Frenchman Bay Regional Shellfish Conservation Ordinance. This organization allows our local municipalities to exercise the local management allowed by State statute. Without a local ordinance there is little protection for the resource and the harvesters who make a living from that resource.

A warden has been hired and local harvesters are working with DMR and other parties to work on shellfish conservation measures. Several seasonal closures have been implemented as well as closures of over harvested flat to allow them to recover. We are also working to get areas closed because of pollution cleaned up and reopened.

Commercial licenses may be purchased at Ellsworth city hall and recreational licenses may be purchased at any member town office. The regional license allows harvesting on open flats in any member community.

Warden Mike Hall may be reached at 963-7104 or cell 400-6183. You may contact him for information or to report illegal activity.

//s/ Gary Edwards Municipal Joint Board member representing Sullivan.

*Sorrento-Sullivan Recreation Center
Established 1958*

Board of Directors
Sorrento-Sullivan Recreation Center
1776 US Highway 1
Sullivan, ME 04664

2010-2011 ANNUAL REPORT

The Board of Directors wish to thank the voters and taxpayers of the Towns of Sullivan & Sorrento, for their generous support for the past fiscal year.

Many new changes have happened at the Recreation Center again this past year. A new window has been installed in the kitchen. New lighting was installed in the historical society's museum room. The front roof was resingled this year along with the other entrances roofs. New tile was laid in the front entry hall on the historical society side and kitchen entrance. More electrical upgrades are being planned. Many, many thanks to John & Wilton for all their hard work and dedication.

We thank everyone who has donated time to improve the recreation center.

We received 68 new chairs from the Schoodic Education Center, which replaced many folding chairs.

The board, Kristine Guyton, John Guyton, Mary Ellen Jones, Wilton Jones, Evelyn Carpenter, Jean Girmschied, Myra Hornberger, Gail Hastings & Helen D. Gordon have held two public pot luck suppers this winter. Karen Hornberger, Robert Girmschied, Kim Haley & daughter along with other students, Deborah Grant, Gail Brown, Nancy Dwyer Ann & Ed Dededer and many others helped with the meals setup and clean up after. Thanks to all who donated food, their time and came to supper.

Thank you, Greg Ring of Sorrento for bush hogging the back field again.

The Board of Directors along with the Pet Project (Women's Aux. FD) Thrift Store has been a huge success on Tuesdays and many Saturdays. Watch for signs by driveway. If you have anything to donate, please call us at 422-6282, we also have people who will pick up if necessary if items are not too large. The space has been rearranged by our faithful helpers, Nancy Dwyer, Gail Brown, Evelyn Carpenter, Hazel Phinney and Melannie Dow. Come check us out. Prices are really great.

We are seeing many more rentals and a larger variety of use for Greeley Hall. A wellness clinic sponsored by the Frenchmen Bay Library and Gouldsboro Clinic was held in April 2011 with the hall donated by us. Several dances have been held this spring also.

We also are renting for more birthday parties, going away parties and family dinners, as well as reunions. Several weddings and wedding receptions have been held there.

Again the board wishes to thank each and all who have donated time, money and support to the well being of the Sorrento-Sullivan Recreation Center.

Helen D. Gordon
President, Board of Directors

JOANNE COWAN SCHOLARSHIP FUND

Joanne and her husband Jim lived in Sorrento raising two daughters who graduated from Sumner Memorial High School. Joanne volunteered her time to the town and worked as a nurse for physicians in Ellsworth.

In her memory, the scholarship fund was created to assist aspiring nurses with funds to continue their education. We accept applications from Sumner High School graduates and award one scholarship per year in a nursing program. Most recipients attend Husson University or the University of Maine programs. They are eligible to renew for up to four years while in a nursing program.

Thank you for your support by voting at Town Meeting for this fund. This fund is administered by Connie Dedam, 120 Treasure Island Road, Sorrento, ME 04677.

2010 Annual Drinking Water Quality Report

Long Pond Water District

Sorrento, Maine
PWSID ME0090890

We're pleased to present to you our Annual Drinking Water Quality Report, also known as the Consumer Confidence Report. This report, a requirement of the 1996 amendments to the Safe Drinking Water Act, is designed to inform you about the quality water and services we deliver to you every day. Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water.

WATER SOURCE

Our water is drawn from Long Pond. To protect our drinking water source, there are no motorboats or swimming allowed on the pond. Our new treatment plant is located on Punkinville Road not far from the source. At the plant we filter the water by a process known as direct filtration, before adding chlorine to protect against potential bacteriological contaminants, and soda ash to increase the pH, reduce corrosion, and lower lead solubility. We then pump the water to our 283,000-gallon standpipe for storage or through the distribution system to 170 households and Sumner Memorial High School.

SOURCE WATER ASSESSMENT

The Maine Drinking Water Program (DWP) has evaluated all public water supplies as part of the Source Water Assessment Program (SWAP). The assessments included geology, hydrology, land uses, water testing information, and the extent of land ownership or protection by local ordinance to see how likely our drinking water source is to being contaminated by human activities in the future. Assessment results are available at public water suppliers, town offices, and the DWP. For more information about the SWAP, please contact the DWP at telephone 207-287-2070.

If you have any questions about this report or concerning your water system, please contact MZ Marie at telephone number 207-422-3499 or mailing address 259 Punkinville Road, Sullivan, ME 04664. We want our valued customers to be informed about their water system. If you want to learn more, please attend any of our regularly scheduled meetings. The annual meeting is held on the third Thursday of July at the Sorrento Building at 7 p.m. in Sorrento. Monthly meetings are held the third Tuesday of each month at the treatment plant.

WATER QUALITY

Long Pond Water District routinely monitors for contaminants in your drinking water according to Federal and State laws. The following table shows any detection resulting from our monitoring for the period of January 1st to December 31st, 2010.

In 2010, due to efforts to protect the water supply, we applied for and were granted a three-year waiver for synthetic organics (Phase II/V) testing. This is an exemption from the testing/monitoring requirements for pesticides, herbicides, fungicides and other industrial chemicals; the state of Maine Drinking Water Program grants a waiver only upon a finding that "it will not result in an unreasonable risk to health."

The sources of drinking water include rivers, lakes, ponds and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and radioactive material and can pick up substances resulting from human or animal activity. All sources of drinking water are subject to potential contamination by substances that are naturally occurring or man made. Contaminants that may be present in source water include:

Microbial contaminants, such as viruses and bacteria, may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.

Inorganic contaminants, such as salts and metals, can be naturally occurring or result from urban storm water runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.

Pesticides and herbicides may come from a variety of sources such as agriculture, urban storm water runoff, and residential uses.

Organic chemical contaminants, including synthetic and volatile organic chemicals, are by-products of industrial processes and petroleum production, and can also come from gas stations, urban storm water runoff, and septic systems.

Radioactive contaminants can be naturally-occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, U.S. Environmental Protection Agency (EPA) prescribes regulations which limit the amount of certain contaminants in water provided by public water systems. U.S. Food and Drug Administration (FDA) regulations establish limits for contaminants in bottled water which must provide the same protection for public health.

The table below lists all of the drinking water contaminants that were detected through out water quality monitoring and testing. The presence of contaminants in the water does not necessarily indicate that the water poses a health risk.

TEST RESULTS						
Unless otherwise noted, testing was done in 2010.						
Contaminant	Violation Y/N	Level Detected	Unit Measurement	MCLG	MCL	Likely Source of Contamination
Microbiological Contaminants						
Total Coliform Bacteria	N	0 positive	Highest monthly # of positive samples	0 positive	1 positive	Naturally present in the environment
Turbidity (4/10)	Y	0.75	ntu	n/a	TT	Soil runoff
Radioactive Contaminants						
Gross Alpha (3/22/06)	N	0.226	pCi/L	0	15	Naturally occurring radioactivity in bedrock.
Inorganic Contaminants						
Barium (4/5/10)	N	0.0027	ppm	2	2	Erosion of natural deposits
Copper* (1/1/010-12/31/10)	N	0.2	ppm	1.3	AL=1.3	Corrosion of household plumbing systems
Lead* (1/1/010-12/31/10)	N	3	ppb	0	AL=15	Corrosion of household plumbing systems
Nitrate [as Nitrogen] (4/5/10)	N	0.05	ppm	10	10	Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits
* = Reported results are the 90 th percentile value (the value that 90% of all samples are less than).						
Volatile Organic Contaminants						
HAA5 [Total Haloacetic Acids] (2009)	N	RAA = 4.95 (0-13.0)	ppb	0	60	By-product of drinking water chlorination
TTHM [Total Trihalomethanes] (2009)	N	RAA = 72.21 (60.5-84.2)	ppb	0	80	By-product of drinking water chlorination

Note: The state allows us to monitor for some contaminants less than once per year because the concentrations of these contaminants do not change frequently. Not all contaminants are tested for every year due to monitoring waivers and therefore we must use the most recent round of sampling. Some of our data is more than one year old, however, is limited to no older than 5 years.

Definitions:

Action Level (AL) - The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.

Maximum Contaminant Level (MCL) - is the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal (MCLG) - is the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

Maximum Residual Disinfection Level (MRDL) - The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.

Maximum Residual Disinfection Level Goal (MRDLG) – The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.

Not Applicable (N/A) - Does not apply

Running Annual Average (RAA) - The average of all monthly or quarterly samples for the last year at all sample locations.

Treatment Technique (TT) - A required process intended to reduce the level of a contaminant in drinking water (e.g. treatment technique for turbidity).

Variances, Exemptions, and Waivers - State or EPA permission not to meet an MCL, a treatment technique or test for a given contaminant under certain conditions.

Units:

Nephelometric Turbidity Unit (NTU) - nephelometric turbidity unit is a measure of the clarity of water. Turbidity in excess of 5 NTU is just noticeable to the average person.

Parts per billion (ppb) or micrograms per liter (µg/L) - One part per billion corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.

Parts per million (ppm) or milligrams per liter (mg/L) - One part per million corresponds to one minute in two years or a single penny in \$10,000.

Picocuries per liter (pCi/L) - A measure of the radioactivity in water.

Notes:

Gross Alpha: When Gross Alpha test results exceed 15 pCi/L, we are required to test for Radium, Uranium, and Radon (refer to table). After deducting Uranium results from Gross Alpha, the adjusted (net) Alpha was below the regulated MCL of 15 pCi/L, and therefore satisfactory.

Lead/Copper: Action levels are measured at consumer's tap. 90% of the tests must be equal to or below the action level; therefore, the listed results above have been calculated and are listed as the 90th percentile.

Nitrate: Nitrate in drinking water at levels above 10 ppm is a health risk for infants of less than six months of age. High nitrate levels in drinking water can cause blue baby syndrome. Nitrate levels may rise quickly for short periods of time because of rainfall or agricultural activity. If you are caring for an infant you should ask advice from your health care provider.

Total Coliform Bacteria: Reported as the highest monthly number of positive samples, for water systems that take < 40 samples per month.

TTHM/HAA5: Total Trihalomethanes (TTHM) and Haloacetic Acids (HAA5) are formed as a by-product of drinking water chlorination. This chemical reaction occurs when chlorine combines with naturally occurring organic matter in water.

Turbidity: Turbidity has no health effects. However, turbidity can interfere with disinfection and provide a medium for microbial growth. Turbidity may indicate the presence of disease-causing organisms. These organisms include bacteria, viruses, and parasites that can cause symptoms such as nausea, cramps, diarrhea, and associated headaches.

IMPORTANT INFORMATION

Since our system chlorinates its water, we are required to report our annual average for chlorine residual. **Chlorine Residual** was found to be **0.27 ppm**, with a range of 0.17 ppm to 0.33 ppm.

Distribution Turbidity Violation

During the April 1, 2010 to April 30, 2010 monitoring period, our water system's turbidity results did not meet the drinking water standard of .3 ntu. Turbidity has no health effects. It can, however, interfere with disinfection and provide a medium for microbial growth. Turbidity may indicate the presence of disease-causing organisms. These organisms may include bacteria, viruses, and parasites that can cause symptoms such as nausea, cramps, diarrhea, and associated headaches. Public notification was posted or distributed to all concerned residents on May 28, 2010. Follow up testing have shown acceptable levels for turbidity.

Total Trihalomethanes (TTHM) and Haloacetic Acids (HAA5) MCL Violations

TTHM and HAA5 are formed as a by-product of drinking water chlorination. This chemical reaction occurs when chlorine combines with naturally occurring organic matter in water. Water tests were done on your drinking water this summer, when TTHM and HAA5 are thought to be at their highest. The results of this test revealed levels for TTHM in excess of the MCL of 80 ppb and in excess of 60 ppb MCL for HAA5. However, it is important to note that the MCL is suppose to be based on the running annual average, not just one test taken in the summer. We are in the process of exploring the various options to reduce TTHM and HAA5 in your water supply. Some people who drink water containing TTHM in excess of the MCL over many years may experience problems with their liver, kidneys, or central nervous systems, and may have an increased risk of getting cancer. Some

people who drink water containing HAA5 in excess of the MCL over many years could experience nervous system or liver damage. *It should be noted that we only exceeded the Running Annual Average (RAA) during the third quarter of the year.*

All drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that the water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline at 1-800-426-4791.

For most people, the health benefits of drinking plenty of water outweigh any possible health risk from these contaminants. However, some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/Center of Disease Control (CDC) guidelines on appropriate means to lessen the risk of infection by cryptosporidium and other microbiological contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. We are responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for thirty (30) seconds to two (2) minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/safewater/lead>.

We, at Long Pond Water District, work hard to provide top quality water to every tap. We ask that all our customers help us protect and preserve our drinking water resources, which are the heart of our community, our way of life, and our children's future. Please contact us with any questions. Thank you for working together for safe drinking water.

The Warrant

Hancock, SS State of Maine

To: Dwayne Clement,
Resident in the Town of Sorrento, in the County of Hancock

Greeting:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Sorrento, in said county qualified by law to vote in Town affairs, to meet at the Sorrento Community Building on Monday the 12th of September, AD 2011 at 2 o'clock in the afternoon then and there to act on articles numbered 1 and 2.

1. To elect a moderator.
2. To elect by Australian Ballot the following officers: One Selectperson for three years, one Treasurer, Tax Collector, Town Clerk, for two years, one Fire Chief for two years and one Road Commissioner for two years.

The polls will open 2:00 PM and close at 6:00 PM at the
Sorrento Community Building

And to notify and warn said voters to meet at the Sorrento Community Building on the following Monday, the 19th day of September, AD 2011 at 7:00 PM, then and there to act on the remaining articles , namely:

3. To set, raise and appropriate compensation for the following officers:

	Recommend:
Selectpersons	3,800 3,450 3,450 currently \$3,800 3,450 and 3,450.

Yesterday's Children	300	300	300

- 9) The Sorrento Harbor Master and Harbor Committee has met and has requested that the Sorrento Harbor Ordinance be amended to clarify that the Harbor Master has jurisdiction over activity within all of Sorrento Town Waters, not only the Sorrento and Lower/Eastern Harbors. The following articles adjust the ordinance with this in mind. New additions appear in bold to replace original wording which is crossed out.

9.1) through 9.12) To see if the Town will vote to amend the Sorrento Harbor Ordinance as follows:

9.1) 2.5 The Harbor Master shall have jurisdiction over activity within the harbor-limits Sorrento Town Waters up to the high tide mark.

9.2) 3.1 Sorrento Harbor Limits:

9.3) 4.1 No person shall place a mooring within the harbor-limits Sorrento Town Waters as described unless:

9.4) 4.1 (3) He/She has paid the appropriate fee as detailed in current schedule of harbor mooring fees.

9.5) 4.3 No mooring ropes of a type that float, including but not limited to polypropylene rope, shall be used within harbor-limits Sorrento Town Waters.

9.6) 4.6 The harbor secretary will issue no more than 15 non-resident rowboat and mooring permits in any calendar year for Sorrento Harbor.

9.7) 4.8 It is prohibited to moor houseboats in Sorrento and Lower/Eastern Harbors Sorrento Town Waters.

9.8) 5.1 Vessels shall be operated within harbor-limits Sorrento Town Waters in a safe and prudent manner.

9.9) 5.2 No person shall operate a vessel within harbor-limits Sorrento Town Waters in a manner which threatens danger to any person or property. ~~or which causes any wake.~~

9.10) 5.3 There shall be no waterskiing or jet skiing within the Harbor-limits Sorrento and Lower/Eastern Harbors or creating a wake in these areas.

9.11) 5.5 It is prohibited to dump garbage or other pollutants into Sorrento Harbor Town Waters.

9.12) 6.1 Areas between high and low water lines within the harbor-limits Sorrento Town Waters shall be kept clear of refuse and abandoned property at all times.

- 10) To see if the Town will vote to give the Selectmen the authority to sign multi-year Winter Road Maintenance and trash disposal contracts.
11. To see if the Town will vote to appropriate \$25,000 from the Sorrento RSU 24 reserve account to be used toward this year's school assessment.
12. To see if the Town will vote to raise and appropriate \$15,000 into the Capital Improvement Fund to be dedicated to the purpose of paying for high cost capital improvement expenditures incurred by the Town without abruptly raising taxes or obtaining loans.
13. To see if the Town will vote to raise and appropriate \$6,000 for the Sorrento Community Building to cover running expenses, with any remainder to be transferred into the Community Building Committee's checkbook.
14. To see if the Town will vote to raise and appropriate \$5,000 and appropriate \$10,000 from Surplus for the Fire Truck Fund. Money from this fund can only be withdrawn by appropriation for Fire Truck replacement.
15. To see if the Town will vote to authorize the Selectmen to accept for the Town gifts or grants of moneys from Federal, State or private sources.
16. To see if the Town will authorize the Selectmen to dispose of all property held by tax liens on such terms as they deem advisable, and execute quit claim deeds for such property providing any such sale is advertised in the Ellsworth American for 30 days prior to such sale so that all may have an opportunity to bid on same.
17. To see if the Town will vote to authorize the Selectmen to spend an amount not to exceed $\frac{1}{4}$ of the budgeted amount in each budget category of the 2011-2012 fiscal year during the period July 1, 2012 until the annual town meeting for the year 2012.
18. To see if the Town will authorize the Fire Department, with the Selectmen's approval to dispose of surplus capital equipment in a manner that best benefits the Fire Department.
19. To see if the Town will vote to exceed the property tax levy limit of \$381,541.28 established for Sorrento by State law in the event that the municipal budget approved under the preceding articles will result in a tax commitment that is greater than that tax limit.

20. To see if the Town will vote to adjourn the meeting.

The Selectmen hereby give notice that they will be in session at the Community Building at 7 o'clock in the evening on Monday, September 19th, 2011.

Robert Wilpan

Daniel Bierman, Sr.

Harold Page

Selectpersons of Sorrento

Three handwritten signatures in black ink. The first signature is 'Robert Wilpan', the second is 'Daniel Bierman', and the third is 'Harold Page'. They are written in a cursive, flowing style.
